

Lynn (Pearson) Batsch Bio

Our first **April 2007 Classmates News Item** comes from **Lynn (Pearson) Batsch**, and guess what keeps her busy these days? Lynn and her **husband of 38 years, John**, have 14 grandchildren! Yes, you read it right! **14 grandchildren** ranging in age **from 15 to a newborn this month**. A few years ago the grandchildren joined the family three at a time - **triplets!** Congratulations to **Grandma Lynn** who must have been busy hiding Easter eggs this year!

Lynn and John have lived in **Northern CA** for **32 years** where they raised **four** beautiful daughters, **Jennifer, Jeanne, Jamie, and Julie**. Stopping at the Batsch household with two sons once, many years ago, was a thrill for all, as boys were a welcomed sight in the land of the Batsch women. All **four daughters** and their families have settled in **San Marcos**, so traveling back and forth keeps Lynn and John on the road and in the air. **Lynn's mother** lives up north, too, and travels to see the **great grandchildren** with Lynn and John. There is nothing like family to bring joy to the heart!

Camping trips to places like **Carlsbad**, with the whole tribe as Lynn refers to them, keeps the **Batsch Clan** together as one BIG happy family - even with the teenagers - which brings back memories for Lynn of the days we were all teenagers together at **RHS**. Lynn promises to send pictures soon, so keep checking the **Classmates Photos** page.

We cannot wait to see Lynn at the **Reunion** next year and hear all of her stories. Send her an email - **Lynn** is listed in **E-MAIL DIRECTORY** and is anxious to hear from Y-O-U! She loves catching up, as we all do, and has been wondering what all of our classmates have been doing. It's easy to share your stories - just send in your information to the **CONTACT US** page, and we will write it up for you, with your approval of course, if you do not have the time.

Thanks again, Lynn, for sharing part of your life with us and be ready for the **2008 Reunion** to tell us more!
